# To Our Customers

Reading time 37 sec.

*On the following pages you will find our selection of the finest domestic and imported bulbs that we have ever had the pleasure to offer. For your convenience and comparison, we are, for the first time, combining our quality package line and bulk list into one catalog — one which we hope you will be as pleased to receive as we are proud to send you.*

*Whether your type of customers prefers bulbs in bulk or in packages, you can be positive that the quality is the same. Our main concern is to offer you the best selection of the best bulbs obtainable so that you can offer them at the right retail price to completely satisfy your customer. Lastly, and from our standpoint, **MOST IMPORTANT**, you must supply your customer with a good grade of bulbs, that will assure positive blooming, complete satisfaction, and as a result, repeat sales in coming years. Therefore, we absolutely do **NOT** sell any bulbs which are not of blooming size. Remember, small bulbs at a cheap price make a very poor salesman for repeat sales.*

*This is our 25th year in business in Seattle, and Mr. Monrad's 40th year of bulb experience. We believe this tells our story better than a thousand words.*

## TERMS OF SALE

1. Bulbs quoted per 1,000, we supply 250 at the 1,000 rate.

5. Established accounts: 30 days net, 10 days less 2%.  
New accounts: cash with order or satisfactory credit reference.
6. Olaf Monrad Bulb Co., Inc., gives no warranty, expressed or implied, as to description, quality, productiveness, or any other matter of any seeds, bulbs, or plants they send out; they will in no way be responsible for the crop.

*For your interest and consideration, we would like to pass on to our present, as well as future, customers the fact that for the past 25 years, our Holland imports have been made through the same company. We believe that this fact is well worth mentioning, because this mutual confidence has contributed much to our receiving, year after year, the finest bulbs grown in Holland. Our domestic bulbs are obtained from only the most reliable growers here in the Northwest. Whether you prefer import or domestic bulbs, you can be sure of receiving **ONLY** the best.*
